

Product and Packing Specifications

Factory-reference product data for delivered-quote planning. Revision: August 2026.

Commercial framework

Minimum order	500 units of one approved design per production run.
Factory price	Recognition kits from USD 1.24 per set. Printed toilet paper from USD 1.06 per roll. Delivered price is calculated separately.
DDP quote	Freight, duty and final delivery are calculated by quantity, route and destination ZIP code.
Physical sample	One pre-production sample is included at no additional charge after contract signing.
Artwork	Finished artwork is not required for the first quote. The buyer may send a concept first and approve the final proof before production.

Recognition Kits

Set contents	One laminated diploma, one printed metal medal and one satin neck ribbon.
Diploma	11 x 15 cm (4.3 x 5.9 in), cardboard and laminated printed paper.
Medal	56 mm (2.2 in), printed paper face on a metal blank.
Packing	Each complete set is packed in an individual euro-slot bag.
Design rule	One approved design across the complete production run. Individual recipient names are not varied within the run.
Production time	Confirmed in the written quote after artwork, run size and production schedule are reviewed.

Custom Printed Toilet Paper

Construction	Two-ply tissue paper.
Roll length	35 m (115 ft).
Width	10.5 cm (4.13 in).
Print	Up to three print colors, with artwork repeat up to 35 cm (13.8 in).
Unit packing	Film pack. Barcode can be included in the approved packing specification.
Export carton	30 rolls per carton.
Pallet	24 cartons, or 720 rolls, per full pallet.

Confirmed production planning

500 rolls	3 production days.
1,000 rolls	1 week.
5,000 rolls	3 weeks.

Ocean and DDP planning

Route-dependent ocean delivery is planned at 13 to 45 days after production handoff. Final transit time is confirmed with the live route and freight quotation.

720 rolls to Texas	Planning range: USD 2.96 to 3.97 delivered per roll.
1,440 rolls to Texas	Planning range: USD 2.66 to 3.32 delivered per roll.
5,040 rolls to Texas	Planning range: USD 2.45 to 2.78 delivered per roll.

These are planning ranges, not binding offers. ZIP code, live freight, customs and delivery conditions determine the final written DDP quote.

Quality Control and Claims

Production and packing are checked against the approved artwork, written product specification and packing count. Nothing enters production until the buyer approves the proof and commercial terms.

Before production	Approve artwork, dimensions, materials, quantity, packing, barcode and delivery basis in writing.
At receipt	Inspect outer cartons, labels, counts and visible product condition promptly.
If an issue occurs	Keep packaging and affected goods. Send the project reference, carton labels, counts and clear photos.
Review standard	The reported issue is compared with the approved proof and written specification before a remedy decision is issued.
